Professional Summary

Versatile Data and Operations Analyst with 7 years of experience steering data-driven workflows for U.S.-based clients across aviation, healthcare, and real estate. Specialize in transforming complex, manual processes into automated, structured reporting systems. Proven track record of bridging the gap between raw operational data and executive decision-making while maintaining strict compliance standards.

Core Skills

- **Data Analysis & Reporting:** Excel, dashboard creation, performance tracking
 - **Operations & Compliance:** Process optimization, documentation, audit readiness, compliance monitoring
 - **Tools & Platforms:** Microsoft 365, Google Workspace, Salesforce, Zoho, WordPress
 - **Additional Expertise:** Web scraping, online research, web hosting management
-

Professional Experience

OfficePartners360 Inc. – Cebu City, Philippines

Data Analyst | *Mar 2019 – Present*

- Supported U.S. clients across aviation and healthcare with data analysis, compliance management, and operational reporting.
- **Private Aviation Client (MA, USA | 2024 – Present) as Operations Analyst:** Streamlined invoice management and fuel rate reporting by introducing standardized tracking templates, which directly minimized data entry errors and accelerated executive decision-making cycles.
- **Aviation Consultant Client (NY, USA | 2022 – 2024) as Operations Analyst:** Redesigned insurance and aircraft tail management processes.
- **Healthcare Institution Client (FL, USA | 2019 – 2024) as Data Analyst:** Redesigned data workflows for admissions and advisor performance, effectively eliminating redundant processing steps and establishing a more reliable audit-ready framework.

PhotoUp Inc. – Cebu City, Philippines

Photo Editor | *May 2017 – Nov 2017*

- Edited and enhanced real estate photos for clients in North America, Europe, and Australia, ensuring high-quality output and on-time delivery.
 - Contributed to virtual staging projects that improved client satisfaction and accelerated property listing turnaround.
-
